

## THE POST.

From the Nashville Banner.  
Terrible Freshets in Tennessee.

The disasters caused by the late floods in the counties south of us can hardly be exaggerated. In Giles county, especially, the damage caused is immense, and altogether unprecedented. Richland creek, and its tributaries rose several feet higher than was ever before known, sweeping to destruction stock of all kinds, particularly hogs, cattle and sheep, whilst the stripping plantations of rails and farm buildings appear to be minor calamities. One man lost two hundred head of sheep, the ruin caused by the washing away of the soil can hardly be estimated. Nearly every small bridge on the turnpike from Columbia to Elkhorn has been carried away, the two bridges over Richland Creek barely escaping. It is understood that numbers of mills have been destroyed.

But the most melancholy result occurred at Lynnville, situated on the turnpike road about fourteen miles north of Pulaski.

Lynn creek, running through the town, rose to such a height on Tuesday morning, and so suddenly, as to destroy almost without warning, a house occupied by a man named Richardson, situated in the lower part of the village, within twenty feet of the main road. The building was crushed in a few moments, the father and mother finding themselves with an infant drifting down the angry torrent, two other children having perished in bed at the time the house fell. After floating with the wreck about three quarters of a mile, the whole family lodged against a tree, the father severely injured, the three children dead, and the mother so jammed amongst the drift, as with the best efforts of the husband barely able to keep her head above the roaring waters.

In this condition they were discovered a little after daylight, and heroically rescued by a young man named Isaac Bearden, who swam his horse to the spot, declaring his intention to "save them or perish in the attempt." Others finally aided him in the generous endeavor. Such noble conduct needs no eulogy, it is an honor to human nature.

It is reported that an overseer and a negro man have perished in the same neighborhood. Altogether, the visitation has no parallel in the history of that region since its settlement.

The Lebanon Herald of Thursday says: The greatest freshet that has happened since 1817, visited us on Tuesday last.—The rain fell in torrents on Monday evening, all night Monday night, and off and on until 12 o'clock Tuesday morning, at which time portions of Lebanon were entirely inundated. Several families had to leave their residences and seek shelter elsewhere. The water accumulated upon the square and portions of West, South, and Maple streets to the depth of from two to three feet. Many gardens and fences were seriously damaged.

ANOTHER PRESENTATION.—A number of the farmers of Jefferson County, wishing to express their approval of the course of the Democrat, for the manner in which it has maintained the true interests of Louisville, met at the Democrat office on Saturday morning last, to present the senior editor with a beautiful gold watch and chain.

The number present filled the editorial sanctum and room adjoining. It was a glorious sight to see the old and the young of the Democratic or anti-know-nothing party unite in this testimonial. It shows the interest felt in the country for the maintenance of law and order in our city; for they have a common interest in the city's welfare.

After organizing the meeting and some proceedings, a committee of ten gentlemen proceeded to the residence of Mr. Harney, who was too unwell to be at the office, and made the presentation, accompanied by a letter expressive of their sentiments.

The city authorities have established quarantine regulations, employed nurses, and taken every precautionary measure in their power to prevent its spread.

Those who have not been vaccinated, had better be, or else keep away from town.—*Hopkinsville Press*, 7th.

We learn from the Patriot of the same date that there were thirteen cases in the county, besides those in the town—some of them of a malignant type.—*Lou. Dem.*

The bricklayers of the city, or a considerable portion of them, are on a strike for an advance of 25 cents per day on their wages. They ought to have it, and we hope they will get it. Journeyman mechanics never get too much pay for their work, and very seldom enough. When they cannot get an advance without a strike, they are perfectly right in combining. They have as much right to do so as any other class of community, and nearly all classes do it in a greater or less degree. Good luck to the bricklayers say we.—*Louisville Times*.

WHIPPED.—The Louisville Journal has been beaten to a perfect jelly by the vigorous blows of the Democrat. Prentice finds that his patent statements are not believed, and he now begs for peace almost as pitifully as he begs for money.

REORGANIZATION OF THE WHIG PARTY.—It will be seen from a card just issued by the Whig Central Executive Committee, and published in this morning's Democrat, that the old line Whigs of the State are in earnest. It is recommended by the Committee that they hold meetings in every county at an early day, for the purpose of effecting an organization and appointing delegates to a State Convention, to meet in this city on the 3d of July next, which will appoint delegates to the National Convention called to meet at the

Destructive Fire

Hopkinsville, Monday, May 5.

At 4 o'clock P. M., yesterday (Sunday) a fire broke out on the east side of Main street, in Thompson & Collier's building, supposed to have originated in the closet of the Telegraph office, and to have been the work of an incendiary. The buildings on that square were very compact, and on account of the progress of the fire the smoke rendered it impossible for the building to be entered. The engine was out of order and the flames in a few seconds communicated with the adjoining buildings. In fifteen minutes the flames burst from every window of the upper stories of the four large brick buildings in the center of the square. The whole of Main street was in great danger of being destroyed. The wind at first blew stiffly from the north-east, and our office on the corner of the next square south, glowed with the heat, and was only saved by its zinc roof and the active energies of our Junior, M. A. Pratt, who had his shirt and socks burnt off. The wind suddenly changed more to the east, and the buildings on the west side of the street were literally covered with sparks, but by this time the engine was at work and prevented the roofs on that side from taking fire. Every effort was made to save the new handsome two-story brick occupied by W. M. Campbell & Co., but the flames drove the workmen from it and devoured it rapidly. After destroying the square entirely, the fire was arrested by the almost superhuman efforts of our citizens.

Such a scene of terror and confusion was never before witnessed in our little city. Men half wild and mad with excitement, ran hither and thither in vain endeavoring to save their all. Women ran here and there, (God bless our women!) some shrieking with terror, but the greater number moving out goods and carrying water.

In two hours after the fire began, the heavy walls of the large brick buildings on that square fell with a crash that shook the ground with a sound louder than artillery. The total estimated loss is \$65,000.—Other estimates run as high as \$125,000.

TRANSIT OF OVER A MILLION IN SPECIE.—Adams & Co.'s Express Saturday received by the Niagara from New Orleans thirty-eight tons of silver, in bars and coins, the property of Uncle Sam, in the charge of J. D. Colmesnil, to be forwarded to the mint at Philadelphia. The precious stuff was in 153 huge boxes which were drayed from Portland to the mail boat landing under the care of the trusty managers of the Express Company.

The Jacob Strader delayed her departure until after two o'clock in the afternoon, for the money, but only about half of it was received up to that time, and she left without waiting for the balance.—The Telegraph took the remainder yesterday. The total value of the specie was \$1,120,000.—*Lou. Cour.*

The Nashville railroad brought in, on Monday, ten car loads of pig iron from the well known Nelson furnace of Messrs. Patterson, Moore & Co. The iron was consigned to Mitchell & Hubbard.

*Louisville Courier.*

Railroads are not only the fastest and cheapest mode of traveling, but also the safest. Fewer accidents occur on railroads—in proportion to the number of persons conveyed on them—than on any other vehicle of transportation. We have not at hand any statistics of our own railroads, touching this point; but we have before us the last yearly report of the European railways, and from this we learn that the passengers killed, in proportion to those carried, are as 1 to 2,300,000—and the passengers wounded, in proportion to those carried, are as 1 to 310,000.

THE ACCEPTANCE OF MR. FILLMORE.—It is rumored that a letter from Mr. Fillmore, accepting the "American" nomination, and giving his adhesion to the doctrines of that party, was read in one of the American councils of this city last night. The letter will soon be published.

## Democratic Convention.

Pursuant to an announcement, the delegates from the several counties forming this, the Fifth, Judicial District, met in Springfield on Wednesday, the 14th. E. L. BARRETT of Taylor, was called to the Chair, and A. E. GIBBONS, of Mercer, was appointed Secretary.

On motion the Chair appointed a committee of seven, or one from each county, to appoint permanent officers to preside over the Convention, who reported the following:

PRESIDENT: C. C. SMERLEY, of Mercer.

VICE-PRESIDENTS: X. C. GAINES, of Anderson; Col. L. Strader, of Green; J. M. Boorman, of Marion; F. G. Murphy, of Nelson; R. C. McCord, of Washington.

SECRETARIES: H. M. McCARTY, A. E. GIBBONS, and W. W. JACK.

RESOLVED, That we your committee request that you cause the bar to be cleared of all persons who are not delegates, and that the Sheriff and his deputy be requested to enforce this resolution.

On motion a Committee of Organization was appointed, whose duty it should be to draft rules and regulations by which the Convention should be governed; which committee was also composed of one gentleman from each county, who reported that the counties should have the right to vote for their districts if they chose so to do; and that the Democratic representation should be the same basis to govern the present Convention.

The enrolling of the delegates from the several counties now took place in accordance with a resolution offered to that effect.

The President, on taking his seat, addressed the meeting for a few moments upon its aims and ends, and insisted that everything should be carried on in the utmost harmony and peace.

Previous to entering upon nominations, W. W. JACK requested permission of the Chair to present to the consideration of the Convention a letter which he had received from R. H. ROWNTREE, Esq. The permission was granted, and the Secretary of Mercer read the following letter:

LEBONAN, Ky., May 13, 1856.

W. W. JACK, Esq.:

Dear Sir.—I understand you are a delegate from Marion to the Springfield Convention. I cannot conveniently be there.

My name, as you are aware, has been occasionally spoken of in connection with the Judgeship of this District.

I have not sought or desired the nomination. There are other gentlemen who have, and whose qualifications for it I regard as superior to my own.

Will you do me the favor to state to the Convention my wishes on the subject, at an early stage of their proceedings—and withdraw my name, if any friend not knowing my wishes should put me before the Convention as an aspirant.

Yours, &c.

R. H. ROWNTREE.

Nominations for Judge were now in order, and Messrs. GEORGE KAVANAUGH, of Anderson, and J. E. NEWMAN, of Nelson, were severally nominated; Mr. HAGGIN's claims having been withdrawn verbally. On the taking of the first ballot, the vote stood as follows:

	Kavanaugh, Newman,
Anderson,	7
Green,	4
Marion,	3
Merger,	10
Nelson,	10
Taylor,	6
Washington,	11
	—
	41 22

Mr. Kavanaugh was declared the nominee of the Convention.

It was moved by Mr. Johnson, of Nelson, that the nomination be declared unanimous, which was passed by acclamation.

The Anderson and Mercer delegation requested permission to withdraw when the nominations for Commonwealth's Attorney were called for. On their return, the nominations were called for. Mr. A. Barnett, of Green; Mr. T. C. Wood, of Marion; Mr. J. C. Wickliffe, of Nelson; and Mr. M. R. Hardin, of Washington, were put in nomination. When the vote was taken, after the seventh ballot, it stood as follows:

	Wood.	Barnett.
Anderson,	2	5
Green,	0	7
Marion,	12	0
Merger,	10	6
Taylor,	0	7
Nelson,	3	7
Washington,	0	11
	—	—
	27	36
	—	27
	—	—
	—	9

Barnett's majority, When the result was known a motion was made and carried that the nomination be unanimous.

On motion the following gentlemen were appointed to apprise the gentlemen of their nomination, that they might personally accept the same: W. A. HOOD, W. F. MCGILL, E. C. GAINES, DR. SAMUEL WHITE, B. SPALDING, J. B. ANDERSON, THOMAS S. GRUNDY. These gentlemen made their appearance before the Convention, and in very happy manner thanked the Convention for the honor conferred upon them.

After they had closed, the defeated aspirants were called for, who responded in a very happy manner, expressing their entire satisfaction with the whole proceedings.

On motion it was

Resolved, That the proceedings of this meeting be published in the Bardstown Gazette, Lebanon Post, and Harrodsburg Ploughboy.

### Notice.

All personal communications to this paper will be hereafter charged as advertisements, and must be paid for, before they can appear. This rule will be adhered to strictly.

We are authorized to announce G. W. GOODRUM as a candidate for Sheriff in the county of Marion at the ensuing August election; and if elected, JAMES GARRICK is to be his Deputy.

We are authorized to announce JAMES D. HARDIN, of Harrodsburg, as a candidate for Circuit Judge in the new Fifth Judicial District, composed of the counties of Green, Taylor, Marion, Washington, Nelson, Anderson, and Mercer.

In an affray at Blairsburg, Venango county, Indiana, on Monday, Dr. Oscar Walker mortally wounded an old man named Peterson.

The trial of the women of Princeton, Ind., for unlawfully destroying the liquor of several coffee-house keepers in that town, takes place this week before Judge Pitcher.

FILLMORE IN TEXAS.—The Austin State Gazette says the Fillmore and Donelson nomination is still-born in Texas. The Texas State Times, the leading Know-nothing paper in that State, has not yet hoisted the ticket.

We have, by our Eastern exchanges, full particulars of the great fire in Philadelphia, a few days ago. Our telegraphic account was correct in the main. The loss is estimated at \$2,000,000.

*Louisville Democrat.*

ANOTHER NEGRO STAMPEDE.—Five more negroes escaped from their owners in Covington, Sunday night. Two belonged to Jno. S. Lewis, one to B. Elliston and two to a Mr. Hatch. Nothing has yet been heard of them.

We understand that Geo. W. S. Lovett has already taken the stump in the First Congressional District, and is doing gallant service in the cause of Democracy. He is an able speaker, and we hope he will continue to make the fur fly from the Owl party, till the Presidential campaign shall have terminated.

PARKER H. FRENCH.—The recent statement that there had been a misunderstanding between Gen. Walker and his late Minister to the United States, must have been erroneous. French was in New Orleans on the 29th ult., and made a speech on Nicaragua affairs, in which the Picayune says "he spoke in glowing terms of praise of Gen. Walker, Nicaragua, and their future destinies."

It will be seen that the Know-Nothings of Massachusetts have split all to flinters. It was not to be expected that such an infernal set of rascals would hold together long.—*Louisville Times.*

The National Know-Nothings, as they call themselves, or the miserable fraction left of that party, are to have another National Convention at Philadelphia on the first Thursday in June. As a new platform is adopted at every Convention, we presume we will soon have something fresh for the "order" to swear by.

We regret learning that the health of the Rev. R. J. Breckinridge, D. D., has been very feeble during the winter. His bearing at one time was almost gone.

Five thousand slaves in the city of Charleston, S. C., it is stated, have contributed the last year to benevolent objects \$15,000.

THIEVES IN BOYLE.—On the night of the 3d inst., four houses in Perryville, Boyle county, were broken into, (dwelling houses) and some valuables taken. Rev. J. G. Pond's house was entered, and his pocket-book containing some cash and valuable papers taken. On the same night a fine horse was stolen from Mr. Wade, who resides 2½ miles from Perryville.

OWEN ALL RIGHT.—The Frankfort Yeoman says:

Our good Democratic friends Col. J. P. Orr and John Calvert, Esq., of New Liberty, Owen county, paid our sanctum a visit on yesterday. They give a cheering account of the prospects of the Democracy in "sweet Owen," and think she will be good for 1,200 majority for the nominees at the Dayton Convention.

## Great Democratic Victory.

It will be seen by our telegraphic despatches, that the Democrats have carried Philadelphia, by 4,000 majority, electing their Mayor and two-thirds of the members of the Council.

This is a glorious triumph. Huzzay for the Old Key Stone State! She is good for 20,000 Democratic majority in November.—*Lou. Times.*

## QUEEN VICTORIA COMING TO AMERICA.

The London correspondent of the Toronto (Canada) Globe states that a report is quite current in England to the effect that the Queen has some thoughts of paying a visit, during the coming summer, to her loyal province of Canada. So far has the rumor gained ground that several of the London newspapers are discussing the propriety of the step, and advise the Queen to make the journey by all means. Won't she have a ripping time at the Falls? Why, all America would turn out to see her. If they would make such a fuss over Dickens and others, what would they not do to get a glimpse of Queen Vic?

THE BRIDGE.—We understand that about \$200,000 of the Covington and Cincinnati bridge stock have been subscribed. This includes the \$100,000 subscribed by the city of Covington. As soon as \$10,000 more of stock is taken, the work will be commenced. We are glad to learn, from those who feel most interested, that there is little doubt but that the necessary amount will be taken, and the bridge built, with as little delay as possible.—*Cin. Commercial.*

The following first rate items are taken from the Indianapolis Sentinel:

The Democratic banner to-day flutters proudly over the principal cities of the State. They have all, with the exception of Jeffersonville, (the penitentiary is located there) thrown off the letters of Know-Nothingism with which they have been bound.

It is reported that the recent defeat of the Know-Nothings has proved so disastrous to Gregg, the New Albany Tribune, that he will abandon newspapering and, hereafter act as conductor of a special train on the Underground Railroad, Farewell, Milton.

Beatty, of the Paducah Sentinel we understand will lead to the Inverness altar, next week, a beautiful, buxom German girl of Covington Ind. Beatty has been for a long time trying to find some one who would say "yow." Beatty you must send us an invitation; and we will send you a bowl of "sour kraut."

*Louisville Times.*

The 11th of this appellate district were to have met in this place on the first Tuesday in May, that was day before yesterday—per order of Pope Swigert & Co., and Article 13, Section 3 of the Constitution they are all sworn to obey—Doubtless they did meet and nominate, but we presume it was done secretly. We see that the Lexington Observer announces Hon. Thos. A. Marshall as their candidate. We presume the nomination was made according to their Constitution, as Marshall is a Know Nothing.

*Frankfort Yeoman.*

HALL FORTH THE DEMOCRATIC CONVENTION.—At a meeting of the National Democratic Association last night, the President, Mr. Long, stated that the committee appointed to make inquiries in relation to the procurement of a hall for the meeting of the Democratic Convention next month, thought Smith & Nix's Hall the best place, and that it could not be secured for four days, with the privilege of six, at less than \$100 a day. It was then resolved that the committee should be instructed to secure the Hall on these terms.

*Cincinnati Enquirer.*

A MYSTERIOUS AFFAIR.—Between three and four weeks since, a young man stopped at the Woodruff House, in Cincinnati, where he registered his name as P. Levi, Skipper's Landing, Mississippi. Last Monday week he suddenly disappeared from the house, leaving his baggage, and nothing was heard of him until Wednesday, when a boy was found in the Ohio river at the foot of Mill street, which was identified in the afternoon as that of young Levy. Before leaving the hotel it was evident that he had been drinking pretty freely. He pulled out a roll of money, about \$100, which he exhibited to the clerk. No money was found on his body, which leads to the suspicion that he had been foully dealt with.

We regret learning that the health of the Rev. R. J. Breckinridge, D. D., has been very feeble during the winter. His bearing at one time was almost gone.

THE LOUISVILLE COURIER mentions a rumor that Roger W. Hanson, one of the Know Nothing State Electors, had quit, or was about to quit, the party in disgust.—From our personal regard for Mr. Hanson, we hope the rumor may prove correct.

HURLEY'S SARSAPARILLA.

ALL the remedies that have been discovered during the present age for the "atherosclerosis" of any kind, will find Carter's Spanish Mixture the only remedy which will recover their crooked constitution, exceed all but immortals in the blood, give the liver a strong and healthy action, and by its tonic properties, cure the patient of life and vigor.

We can only say "YEAH IT IS." A single bottle is worth half the so-called Sarsaparilla in existence. It contains no Mercury, Quinine, or any other noxious or poison drug, and can be given to the young and old without loss to them.

See advertisement.

INVALIDS recovering from the effects of Fever, Bright's Disease, & long continued illness of any kind, will find Carter's Spanish Mixture the only remedy which will recover their crooked constitution, exceed all but immortals in the blood, give the liver a strong and healthy action, and by its tonic properties, cure the patient of life and vigor.

All other compounds or syrups of the rest have failed to command the sanction of the family, because on being tested, they have been found to contain in excess of ingredients, which neutralize the good effects of the Sarsaparilla, and often times impairs the health of the patient. It is not so with Hurley's preparation.

This is the pure and genuine extract of the root, and will, on trial, be found to effect a certain and positive cure of the following complaints:

Aliments of the Bones, Habitual Convulsions, Ailments of the Kidneys, Disease of the Kidneys, Liver Complaint, Hypersensitive Piles, Enuresis, Pulmonary Disease, Founds Irregularities, Scrofula, or King's Evil, Fistula, Sypilis, And All Skin Diseases.

Possessing all the above it is known to be a great and powerful tonic, purifying the blood and invigorating the system. In short, it is without exception, in the case mentioned, as it's general effect upon the system, the most efficacious, as it is the most desirable vigor of the age. It is freely extensively used throughout the country, and is fast obtaining an European reputation. The instances of cures it has effected are only coming to the prosector's knowledge, and he has no hesitation in recommending it to me, and all who desire to procure relief from such a malady. One bottle being tried, effects will be too apparent to admit of further doubt.

Russell & Hudly's Sarsaparilla is the only genuine article in the market.

CONSUMPTION.

Succinctly Treated by the Author of *Medical Journals* of Japan.

BY John Stewart Pope, M. D., Fellow of the Royal College of Physicians, and for years senior Physician to the London Royal Infirmary, for cures of the last.

In these days of progress, medical Science has contributed her full share to the general welfare; and the winged science, in the bright jewel of her career, has for her last and greatest gift, MEDICATED VAPOR, INHALATION, in the treatment of CONSUMPTION, BACONITIS, &c., &c.

It must see the absurdity of treating Consumption through the stomach, by filling it with unwholesome drugs; the disease is not in the stomach, but in the lungs, and by inducing the sputum in the form of vapor, it relieves the patient of the disease.

For the first time in the history of Consumption, a new and powerful remedy has been discovered, which will cure the disease in a few days, and will be a great service to the world.

I claim for inhalation the treatment of Consumption, &c., a place amongst the principal cures that nature and art have given us, this our days may be living in the future, and as the only ark of refuge for the Consumption.

Applicants will please state if they have been from the lungs, if they have lost flesh, have a cough, night sweats, and fever fits, what and how much they expectorate, what the condition of their stomach and bowels. The medicines, apparatus, &c. will be forwarded to any part.

TESTIMONY.

We, the undersigned, practitioners in medicine, cheerfully recommend Dr. Johnson S. Rose's method of treating diseases of the throat and lungs, as the best and most effectual ever introduced into medical practice. Our convictions are based upon having several of our own patients, confirmed consumptives, restored to health after a few months treatment by Dr. Rose.

In the above named diseases, the application of "Medicated Vapors" infused directly into the lungs may be justly considered a great boon to suffering humanity, rendering consumption a perfectly curable disease.

Dr. Rose deserves well of the profession for his strenuous and unwearied exertions in bringing this successful and only reliable method of treating consumption to such a degree of perfection.

The price of single Tickets in any of the above Lotteries are:

Whole Tickets, 1 00  
Half Tickets, 0 50  
Quarter Tickets, 0 25

We pay the same attention to an order for a single Ticket as to orders for packages, which stand a much better chance of obtaining a prize as every drawn number must be on the Tickets of the package, and as there is two or three prizes in each package, it may be that the high prize is among them. By several persons clubbing together the cost to each is small and they stand a much better chance of a prize, as will be seen by the following prices for packages:

Certificates of Packages of 26 Wholes, 16 00  
do do 26 Halves, 8 00  
do do 26 Quarters, 4 00  
do do 26 Eighths, 2 00

THE All prizes paid by drafts on the nearest cities, or as purchasers may direct.

7-Bills on all solvent Banks taken at par. The official schemes will be sent with all tickets ordered, and on the day the lottery draws the official drawing will be forwarded, together with a written explanation of the result of the purchases.

Persons addressing the undersigned may confidently rely upon having their orders filled by return mail, and the strictest confidence observed.

The great Luck which has attended our office will fully authorize us in saying, that to secure a competency for life it is only necessary to address your orders to

N. B. The Collegiate exercises were re-

sumed on the 2d of September.

Mr. Thomas Leonard, says the Philadelphia Ledger, has an exhibition at the Inn of the Pennsylvania Farmer, a new patent horse shoe, which is so constructed that it requires no nails, but can be put on by any one without the aid of a blacksmith. Attached to the shoe is a hinge extending around the hoof, and at the back of the shoe, which lies over the frog of the horse's foot, is a joint, held in its place by a screw, which allows the shoe to open and close, so as to accommodate itself to the size of the hoof. Between the hoof and the plate is placed a layer of gutta percha, for the purpose of preventing injury to the hoof or leg of the horse by concussion while passing over hard roads or streets. These shoes are also furnished at about one half the price of the ordinary shoe.

Judge Jones recently delivered the following charge to the jury, in the case of Elgin Church, for stealing:

"Jury, you can go out, and don't show your ugly mings till you find a verdict; if you can't find one of your own, get the one the last jury used."

The jury retired, and after an absence of fifteen minutes, returned with a verdict of—

"Suicide in the ninth degree (k. n.) and fourth verse."

Judge Jones then pronounced upon Elgin Church, this sentence:

"Elgin Church stand up and face the music. You are found guilty of suicide for stealing. Now this court sentences you to pay a fine of two shillings, to shave your head with a bayonet in the barracks, and if you try to eave in the head of any of the jury, you'll catch thunder. Your fate will be a warning to others; and in conclusion, may Heaven have mercy on you. Sherill, get me a pint of read eye; I'm thirsty."

## Practical Prayer.

In the vicinity of B——, lived a poor but industrious man, depending for his support upon his daily labor. His wife fell sick, and, not being able to hire a nurse, he was obliged to confine himself to the sick-bed and family. His means of support being cut off, he soon found himself in need. Having a wealthy neighbor near, he determined to go and ask for two bushels of wheat, with a promise to pay as soon as his wife became so much better that he could leave her and return to his work. Accordingly, he took his bag, went to his neighbor's and arrived when the family were at morning prayer.

As he sat on the door-stone, he heard the man pray very earnestly that God would clothe the naked, feed the hungry, relieve the distressed, and comfort mourners?"

"Yes; why?"

"Because, father, if I had your wheat, I would answer that prayer."

It is needless to add, that the father called back his suffering neighbor, and gave him as he needed.

Now, Christian readers, do you answer our own prayers?

Bassompierre was accustomed to say to soldiers guilty of any grave infraction of discipline, "Comrade, one of us must be shot." Of course these words from him came to be understood as a sentence of death.

"What is it?" said Bassompierre, when the spy was presented.

"General," was the reply, "as you did me the honor to say yesterday that one of us must be shot to-day, I've come to ask which it shall be."

Old Heinelsperger, a few days since, gave to his only son, (a promising specimen of "Young Germany") an antiquated male goose, and told him he might fatten the fowl and sell it in the market. A short time after, the old gentleman discovered the gander near the wood pile, minus that important appendage, a head. He called his son, and, in an angry tone demanded:

"Shonny, vot vor you kill der goose schicken, eh?"

Shonny shook his fist at the decapitated goose, and answered:

"Vot for does he vant to bite me, den, ch?"

On Saturday the 26th ult., Mrs. Rhody Caldwell, of Butler county, had her barn stable, a fine horse, wheat, corn, oats, hay, and wagon, consumed by fire. Loss about \$1,000. Her dwelling house, kitchen, and blacksmith shop were also on fire; but were saved by the active exertions of the neighbors who were present.

A TECHNICAL JOKE by our oldest Composer.—The printer who has nothing but "the devil to pay" may think himself lucky.

Rev. T. L. Breckenridge was attacked and beaten on the street in Lafayette, Ind., on Wednesday last by Mr. F. J. Clark.—The preacher had referred to Mr. Clark in his sermon in a very disagreeable and disreputable manner.
